Note. These data are based on information provided by 345 departments that responded to the survey and reported data on number of faculty. Due to incomplete U.S. race/ethnicity faculty data, the following cases were not included in this table: 68 public full-time faculty, 62 public part-time faculty, 12 private full-time faculty, and 8 private part-time faculty. Due to rounding, percentages may not total 100. Data should be interpreted with caution when N is small.

**Calculation is not applicable.

***According to the *1998 Graduate Study in Psychology*, "minority" is defined as Black, Hispanic, Asian/Pacific Islander, and Native American/Alaskan Native.
